0001\_2345555555677\_Bill\_Tymoszczuk

Client ID

Client's Asset ID

MRD Responsible Employee

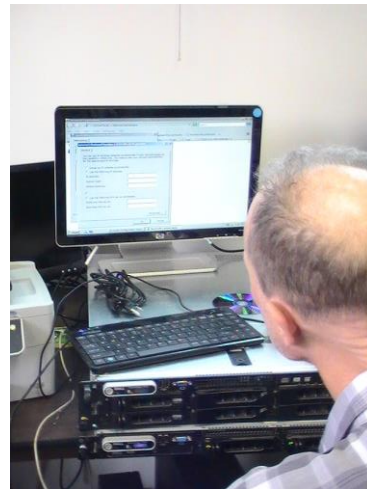

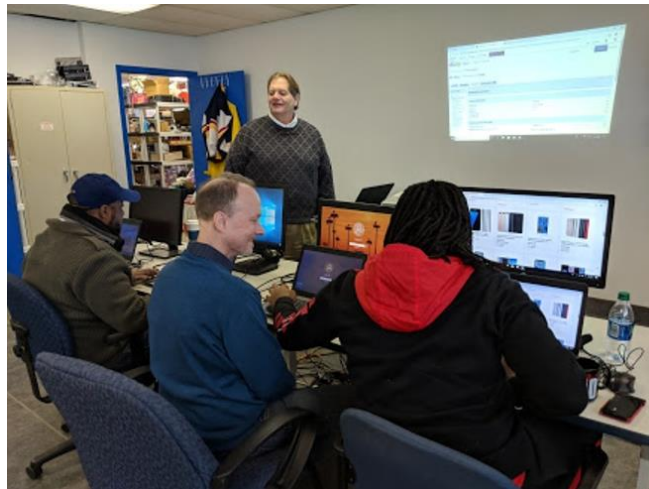

At any time, the client can log in, view the disposition of individual asset details, the value of the donation and create reports

# Assets4Recovery – Recovery Support

## The J.O.B.S. Program

Your donated assets play a vital role in supporting our “J.O.B.S.” (Just Online Being Sober) Program. My Recovery Day provides technology training for individuals in recovery which focuses on generating income online in a safe and sober environment. Our J.O.B.S. participants use your donated items to sell on various online platforms. Participants learn keyboarding, digital photography, technology terminology, computer skills and much more in a classroom setting while earning income from their online sales.
